"Sweet the Coal Man"

Dr. and Mrs. A. L. Breeding, of Texico, were here today on their way to Lakewood to visit the doctor's brother, W. K. Breeding.

Grover Cottingham left this morning on a two weeks' pleasure and visiting trip to Chicago and Bellefontaine, Ohio, the home of Mr. and Mrs. Chester A. Miller. Some of Grover's friends are predicting that he will not come home alone, but cannot say whether he will be accompanied here from Bellefontaine or Chicago.

BIG RAIN REPORTED TO THE NORTHEAST.
The heavy clouds, thunder and lightning noticeable to the northeast at ten o'clock last night, at the time when Roswell got a slight precipitation of rainfall, were not without results, according to the long distance message that came here today. The downpour was heaviest at Boaz and vicinity, and here the rainfall was reported at three inches. The rain extended as far north as Portales, but was much lighter in that vicinity. At Elida it was only a half inch. The rain at Boaz was accompanied by a heavy hailstorm and, as one report has it that the stones were as big as hen eggs.

A Program of Merit.
Read the program of the Orchestra Concert printed elsewhere. It is an excellent selection by the best composers and will be a rare musical treat. "Three Dances from Henry VIII" deserve mention. They were composed by Edward German, one of England's most noted composers, at the request of the late Henry Irving, at the time the great actor wished to appear in Shakespeare's Henry VIII with appropriate music. The compositions were difficult to secure for some years and it is doubtful if they have ever been heard west of Chicago. The Symphony Society is to be congratulated on producing them and every music lover in Roswell should attend the Concert on June 14th at the M. E. Church, South. 8812.

TAKE NOTICE:—The ladies of the Christian Church will serve a most excellent supper at the Christian church on Tuesday afternoon from five to seven. Prices 25 and 35. 8812.

J. G. Hopkins, of Clovis, was here today on business.

Notice.
Dr. F. N. Brown will be out of his office until June 21st, attending a meeting of the board of Dental Examiners at Albuquerque. 8813.

You will miss a treat if you do not attend the concert Monday night. Proceeds will be for the benefit of the First M. E. church, South, and the Symphony Orchestra.

SAYS WELL WILL GIVE TWENTY-FIVE BARRELS.
Dr. M. B. Culpepper this morning wrote J. E. Platt, of this city, that the flow of oil in the prospect well on the C. W. Williams place two miles east of Dayton is conservatively estimated at 25 barrels a day. The Dayton paper and other sources of information had it rated as high as 200 barrels per day. The well is down 1,000 feet. A six inch casing has been lowered within the eight-inch casing and when the water is all baled out of the inner tube the flow of oil can be tested. The well was started last February as a test proposition with the expectation of going down 2,000 feet if necessary. There is some gas with the oil. The people of Dayton are going wild over the find, which is now six or seven days old, but is just gaining general circulation, having been kept quiet several days. Real estate is changing hands rapidly in and around Dayton.

Mr. and Mrs. Ernest Best and little Ernest, Jr., returned this morning from a week's visit with relatives in Artesia.

The clip of George Beckett was hauled to Roswell from Hope today and stored at the Roswell Wool & Hide Company's house. It approximates 30,000 pounds.
